# 2021 PART ONE **GALVIN GREEN** WE NEVER COMPROMISE

# GAMEDAY.

You know what awaits you. Every serious golfer does. You've prepared for this. All the long hours of training. Fine-tuning every element of your game. This is where it all comes to a head. It's GameDay.

Here at Galvin Green we have been developing highperformance golfwear for more than 30 years. Functional clothing designed to provide optimal comfort that will help golfers perform at the peak of their ability in any weather. As with every serious golfer, we never compromise on what we do or what we believe in.

This very attitude we want to convey with the concept of 'GameDay'. Whatever challenge you're facing, you can always feel completely confident that we have gone the extra mile to give you the ultimate GameDay experience.

Game On.

SUSTAINABILITY

# LET'S TALK ABOUT THE GREEN IN GALVIN GREEN

We believe in a holistic approach to sustainability and our work on these issues is an ongoing process here at Galvin Green. It's in our DNA to introduce new, cutting-edge technologies to maximize the golfer's performance while, at the same time, seeking to minimise social and environmental impact. Whenever possible we choose sustainable textile production methods, fabrics and labels. For the 2021 season we are introducing the global STANDARD 100 by OEKO-TEX\* to the VENTIL8™ PLUS shirt programme.

Sustainability to us is also defined by long-lasting comfort. Durable, well-designed quality garments that create a relationship with the player, that will last the test of time.

Read more about our sustainability approach at galvingreen.com.

#### BLUESIGN® AND RECYCLED MATERIALS

We began using fabric approved by Bluesign\* in 2013 with GORE-TEX garments. We gradually expanded our range made from Bluesign\* approved materials to improve environmental footprint throughout the supply chain. Happily we find more and more materials that stand the test.

- All GORE-TEX products are made from Bluesign® approved fabrics.
- All INSULA™ products are made from Bluesign® approved fabrics and feature garments made from recycled plastic bottles.
- All VENTIL8™ PLUS pants are made from Bluesign® approved fabrics.
- All garment labels are made from Bluesign® approved materials.
- All hangers and plastic bags are made of recycled plastic.

# TESTED AND APPROVED

THE CERTIFIED VENTIL8™ PLUS RANGE

The STANDARD 100 label certifies that every component in these golf shirts has been tested for harmful substances and that the article is harmless in human ecological terms. The test is conducted by independent OEKO-TEX\* partner institutes.

# 100% RECYCLED 100% PERFORMANCE

THE ECO GENERATION INSULA™

The eco generation INSULA™ is a range of warming, mid layer garments made from 100% recycled plastic bottles. Look for Recycled Polyester in the product description.

# OUTER PROTECTION **TECHNOLOGIES**

## **GUARANTEED TO** KEEP YOU DRY™

ALL SHELL LAYER DRY TECHNOLOGIES FEATURE EXCELLENT WATERPROOFNESS. BREATHABILITY AND MOISTURE TRANSPORTING PROPERTIES. BY ADDING SPECIFIC FEATURES, GOLFERS CAN ALWAYS CHOOSE THE OPTIMAL SHELL LAYER DRY TECHNOLOGY TO MAXIMIZE FUNCTIONAL COMFORT AND PERFORMANCE.

# **EXPERIENCE GORE-TEX** WATERPROOF TECHNOLOGIES

- Totally waterproof. Guaranteed To Keep You Dry™.
- Totally windproof.
- Maximum breathability that enables the release of excess heat and moisture
- Extremely durable and long lasting.

## GORE-TEX SHAKEDRY™ product technology.

- Active sportswear technology engineered to inimize friction and maximize speed.
- Revolutionary construction that makes the water bead up and roll right off the surface.

#### GORE-TEX stretch fabriC with C-KNIT™ backer.

· Super-smooth hand feel, can easily 'slide & glide' over garments underneath.

### GORE-TEX fabric with mesh lining.

- Soft and smooth outer materials that create comfort and excellent drape characteristics.
- · Mesh lining for added warmth.

## GORE-TEX Paclite\* Technology.

• Lightweight and packable, ideal when weight and space are critical.

#### GORE-TEX Superstretch

- Extreme stretch for optimal freedom of movement.
- · Optimized for inserts to maximize mobility.

#### Men's GORE-TEX SHAKEDRY™ golf jacket.
